HELPING HEAL LITTLE HEARTS

Sponsorship Packet

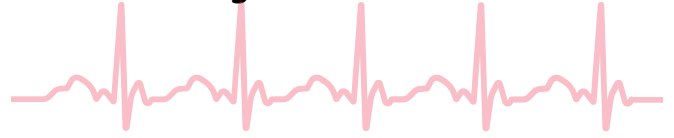

AUGUST 29, 2026

7 PM

RENAISSANCE HOTEL

Dear Friends,

Join the Louisiana Pediatric Cardiology Foundation, along with friends and family, for a memorable evening dedicated to supporting Louisiana's "heart kids"—children who must travel to receive life-saving cardiac care—and to advancing our Save A Heart. Save A Life. screening program for high school athletes.

Guests will enjoy exceptional cuisine from area restaurants, an open bar, a thoughtfully curated silent auction, an exciting live auction, and engaging live entertainment.

We invite you to join us in making a meaningful impact through your sponsorship, helping to support Louisiana families and expand access to life-saving programs and care.

Because pediatric cardiovascular surgeons are only located in New Orleans, many children born with congenital heart defects must travel, often out of state, to receive treatment. These extended hospitalizations place a significant financial burden on families, requiring them to cover travel, lodging, meals, parking, and medical expenses.

Through your support, LPCF provides direct financial assistance to help ease these burdens. Since 2001, more than \$720,000 has been awarded to Louisiana families in need.

In addition, your sponsorship helps fund free echocardiogram and electrocardiogram screenings for high school athletes, aimed at detecting undiagnosed heart conditions such as Hypertrophic Cardiomyopathy, the leading cause of sudden cardiac death in young athletes. Since 2012, LPCF has provided over 12,000 screenings across the state.

Thank you for your consideration. It is through the generosity of supporters like you that we are able to make a lasting difference in the lives of so many Louisiana families.
