3rd Annual
HEARTS IN FOCUS 
A .22 PRECISION SHOOT FOR A CAUSE

SPONSORSHIP PACKET

APRIL 25, 2026

8:30 AM

FUSILIER RANGE COMPLEX

ARNAUDVILLE, LA

Dear Friends,

Join the Louisiana Pediatric Cardiology Foundation, friends, and family for a fun-filled day at the Fusilier Range Complex to help raise funds for Louisiana's "heart kids" who **MUST** travel to receive life-saving care and for the "Save A Heart. Save A Life." heart screens program for high school athletes. Attendees will shoot at steel targets from different positions and varying distances (25-200 yards) in a safe and monitored environment. Food and drinks will be provided and prizes awarded to 1st, 2nd, and 3rd Place Winners, as well as Top Jr. and Top Lady Winners. Bring 100 rounds of your favorite ammo and bring your friends and family (kids 8-12 years old), and join us in our goal to raise \$5,000 through your sponsorship.

Since New Orleans is the **ONLY** city in the state to have pediatric cardiovascular surgeons, all Louisiana children born with heart defects must travel to receive heart surgeries. Your support will assist LPCF in providing grants to these families for their out-of-pocket expenses, such as travel, lodging, meals, parking fees, and compounded prescriptions. Since 2001, LPCF has awarded over **\$720,000** to Louisiana families.

In addition, your sponsorship will help us provide **FREE** echocardiograms and electrocardiograms to high school athletes in an effort to detect undiagnosed heart conditions, namely, Hypertrophic Cardiomyopathy, which is the leading cause of death in young athletes. Since 2012, LPCF has provided over 12,000 screens to high school athletes.

Thank you for your consideration, as it is only through the generosity of individuals like you that we are able to make a difference in so many lives.

, LOUISIANA PEDIATRIC CARDIOLOGY FOUNDATION
