Sponsorship Packet

**Louisiana
Pediatric
Cardiology
Foundation**

Dear Friends,

The Louisiana Pediatric Cardiology Foundation is excited to host its 11th Annual Rhythm and Beats Fundraiser! Join us for a fun night with live music by the Chee Weez, great food from area restaurants, an open bar, and live and silent auctions.

With your generous support, along with our friends, community, and local business leaders, we join together to help further LPCF's mission. All proceeds from this event will directly support the foundation's programs to 1) Provide financial assistance to Louisiana families traveling for their children's life-saving heart surgeries, and 2) Provide FREE heart screens for local high school athletes.

New Orleans is the only city in Louisiana that has pediatric cardiovascular surgeons, so most children requiring cardiac surgery must travel to receive care. Many "heart kids" and their families travel to New Orleans but some also travel as far away as Massachusetts, California, and Texas. LPCF assists these Louisiana families with their out-of-pocket expenses, such as travel, housing, meals, and prescriptions. To date, LPCF has awarded over \$600,000 in travel grants.

Furthermore, LPCF launched its "Save a Heart. Save a Life." heart screens program in 2012, providing free heart screens to high school athletes in an effort to detect undiagnosed heart conditions, namely, Hypertrophic Cardiomyopathy. To date over 11,000 screens have been provided to student-athletes in the Greater Baton Rouge area and surrounding parishes in both public and private schools with roughly 5% receiving follow-up care. Three have even required open-heart surgery and are doing well today.

Thank you for your consideration, as it is only through the generosity of individuals like you that the Louisiana Pediatric Cardiology Foundation is able to make a difference in so many lives.

Louisiana Pediatric Cardiology Foundation
